

Angle grinder

GA4530R

720 W • 115mm • 11.000 g/min

Angle grinder 115 mm
720W grinder equipped with a new motor with increased heat resistance for high performance. The motor casing has small dimensions with a circumference of only 180mm. Dust protection system optimized through the insertion of sealed bearings and electrical parts covered with protective paints.

Presence of anti-restart function to prevent accidental restart for added safety.

Supplied accessories: side handle, key, abrasive disc.

TECHNICAL FEATURES
