

DATA SHEET

LITHOCEM EXTRA

PRODUCT DESCRIPTION

LITHOCEM EXTRA is a Product that, if applied correctly, offers protection to acids (coke, oil, coffee, water, etc.)

LITHOCEM EXTRA is also a high-performance polishing product.

Suitable for restaurants, bars, commercial structures , industries etc...

APPLICATION & HANDLING

LITHOCEM EXTRA is suitable for all natural stone floors , terrazzo and all commercial/industrial concrete floors.

LITHOCEM EXTRA is applied in thin layers using a microfiber pad following the recommended dilution on the datasheet.

It is recommended to apply at least 2-3 layers with a 30-minute wait between steps.

For best results, leave to dry for at least 4-6 hours and polish with TRAXOSHINE PAD.
