

Steel strap

Technical data:

product: code: R1605DYZIRIB / **quality:** dynaflex / **typology:** steel strap /
dimensions: 16 x 0,5 mm

technical features of the material: **length:** 16 (+/- 0.10) mm / **thickness:** 0.5 (+/- 0.03) mm /
linear breaking load: min 800 N/mm² / **elongation:** 6% / **meter/kg:** 15,9mt/kg / **finish:** galvanized and waxed
/ **edges:** rounded

packaging characteristics of the material: **winding:** Ribbon / **internal diameter of the roll:** 300 mm /
external diameter of the roll: 650 mm / **coil axis:** vertical / **roll width:** 16 mm / **weight of the**
roll: 20 kg / **rolls per pallet:** 30 / **pallet weight:** 600 kg ca. / **pallet dimensions:** 670 x 670 x
800 / **pallet features:** FAO/ISMP / **external protections:** anticorrosion extendable special film VCI
